

ENABLING THE STATUTORY AND THIRD SECTORS

A modular course educating, equipping and engaging statutory & third sector organisations to support young people affected by violence.

ABOUT US

Power The Fight exists to empower communities to end youth violence. For this to become a reality, communities will need to work together and learn from one another. Our key aims are to educate, equip, engage and enable communities to be the answer to the issue of youth violence in the UK.

HOW IT WORKS

Power The Fight's network of specialist trainers deliver training across a range of topics related to youth violence, sharing best practice and innovation in the sector. We are now making these training sessions available as a holistic package for organisations to engage with.

- You will have access to 6 live training modules which up to 6 members of your team can attend.
- These sessions will also be recorded and available to watch for a limited time afterwards in case you are unable to attend the live session.
- In addition, we will offer a reflective session at the end of the training which will enable you to consolidate and embed your learning while considering how the training may benefit your practice, team and wider organisation.

Cost = £1350 - 6 team members

MODULE 1

[Belonging: let's talk about race – becoming a culturally competent organisation](#)
